IV. Report from Mr. Leroy Smith: Mr. Smith explained to the parents the necessity of getting other parents to attend the ELAC meetings. Involved parents know what is going on at the school and this will increase the achievement of students and their positive attendance. Mr. Smith encouraged our parents in attendance to share their involvement with others. Mr. Smith also stressed the importance of developing positive relationships with teachers, staff and administrators. These help create positive experiences for students and parents that help students stay in school and achieve more.

V. Four year plans for all students: Amy presented the template of the 4 year plan to the parents in attendance and ran the transcripts for each of their students. She showed parents how to read the transcripts: where the test scores were located, which classes counted for graduation requirements, etc.

VI. CAHSEE information: Amy also presented information on the CAHSEE exam: when it is given, how it is scored and how students are placed intervention classes. She explained the computer program that is available in the library and gave information on how to contact the CAHSEE coordinator.
